Canceling Your Subscription

1. Log into your account using your credentials at **bektv.plus** in a web browser, *not through an app*.
2. Once logged in, click the person icon in the upper-right corner and click **“Account”**.
3. On the new screen select **“Subscription”**.
4. Next, click **“Cancel Subscription”**. It will ask you if you’re sure you want to cancel your subscription plan. Select **“Yes”**.

Note:
If you selected a third-party app store as your payment option when subscribing, you must cancel through that app store. If you entered your credit card information directly with BEK TV+, follow the cancellation instructions above.
