## CompleteView App Setup Guide for Android Devices

Follow these steps to get your CompleteView app set up on your Android devices.

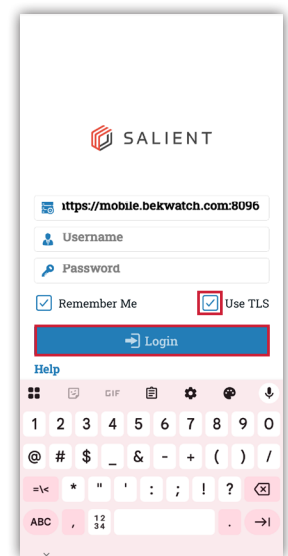

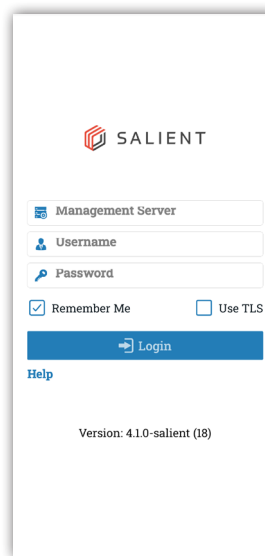

1. Open the Google Play Store. 
2. Tap the **Search** bar at the top of the screen and type "CompleteView".

3. When the app appears in the results, tap the **Install** button to download and install it.
4. Once the installation finishes, tap **Open** to launch the app.

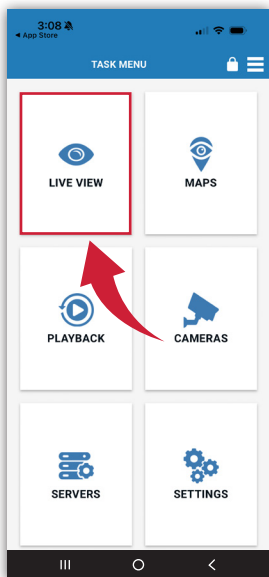

5. When the app opens, enter the following information:

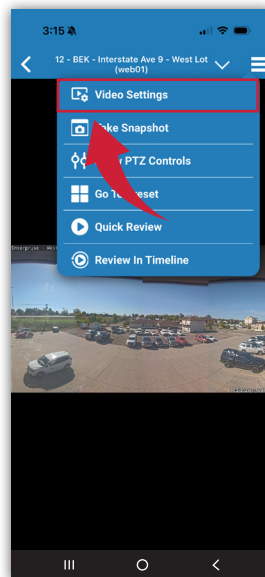

- **Management Server:**  
<https://mobile.bekwatch.com:8096>
- **Username:**  
Use the username provided to you by BEK
- **Password:**  
Use the password you or your administrator set up
- **Check Use TLS**

6. Tap **Login** to access CompleteView.

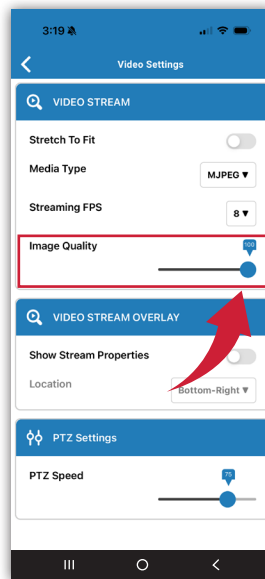

7. After logging in, you will be presented with the home screen. Tap **Live View**.

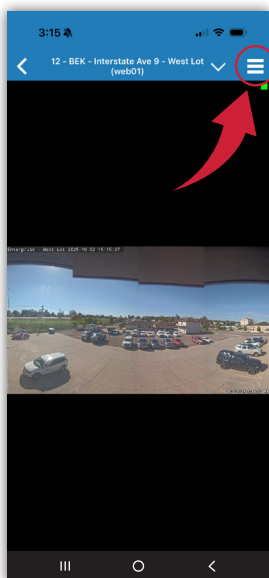

10. Select **Video Settings**.

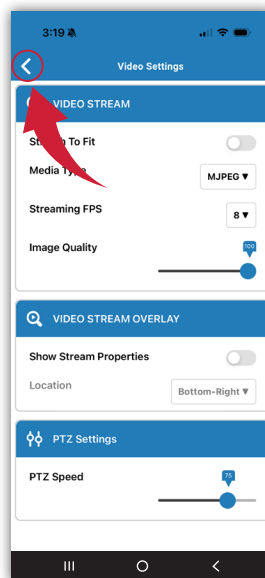

8. Tap your first video tile.

11. Change the **Image Quality** from 75 to 100.

9. Tap the **Menu** button in the top-right corner.

12. Tap the left-pointing arrow to go back to your cameras. **Repeat steps 8-11 for every camera video tile.**
